EDUCATION

University of Florida Department of Clinical and Health Psychology
Post Doctoral supervision in Neuropsychology.

University of Florida College of Medicine, Department of Neurology
Post Doctoral Fellowship in Behavioral Neuropsychology

Ph.D. Virginia Polytechnic & State University, 2008
Major: Clinical Neuropsychology

M.A. East Tennessee State University, 2001
Major: Clinical Psychology

B.A. Florida Gulf Coast University, 1999
Major: Psychology

LICENSURE

Licensed Psychologist, State of Florida, License No. PY 8100

PROFESSIONAL AFFILIATIONS

International Neuropsychological Society, Member
Society for Neuroscience, Member
National Association of Neuropsychologists, Member
Division of Neuropsychology (APA Division 40), Member
Division of Adult Development and Aging (Division 20), Member
American Psychological Association, Member

HONORS

Galpher Fund Research Award, Virginia Polytechnic Institute & State University, 2007
Awarded Certificate of Graduate Research Excellence, ETSU, 2001
Graduated Cum Laude FGCU 1999
National Deans List 1999
Awarded Florida Gulf Coast University Recognition of Excellence 1998

PUBLISHED AND SUBMITTED ARTICLES

ABSTRACTS

- A. K. Holland, J. Reynolds, A. Rosa, D. E. Cox, P. K. Harrison, D. W. Harrison. (2018) Evidence for Reduced Left Frontal Inhibitory Control in the Absorption Phase Relative to the Cephalic Phase of Food Intake. Abstracted in *Journal of the International Neuropsychological Society*, 24, s1
- J. Reynolds, A. K. Holland, A. Rosa¹, D. E. Cox, P. K. Harrison, D. W. Harrison (2018). Changes in Cerebral Laterality in the Cephalic and Absorption Phases of Food Ingestion as a Function of BMI Classification: Neurophysiological Evidence of Reduced Cognitive Control in Overweight Men. Abstracted in *Journal of the International Neuropsychological Society*, 24, s1.

RESEARCH GRANTS

- Cox, D. E., Heilman, K. M., & Crosson, B. (2009). Effects of increased aerobic exercise on white matter connectivity and cognition in mTBI. Submitted to Veterans Administration Research and Development : Funded (\$125,000.00)

Cox, D. E. & Heilman, K. M. (2008). Effectiveness of aerobic exercise on age-related cognitive decline. Submitted to the Brookdale Foundation on Aging (\$75,000.00 scored but not funded).

Cox, D.E. (2004). Assistive Technologies for Alzheimer's Patients: Caregiver and Community Education. Submitted to the National Alzheimer's Association (\$250,000; scored but not funded).

Cox, D.E., Crowell, T.A., Mullan, M.A. (2003). Detection of Cognitive Impairment and Driving Impairment: A Multi-Site Comparison of Test Batteries. Submitted to The Florida Alzheimer's Center and Research Institute (\$584,000; scored but not funded).

Cox, D.E. (2000). Effects of Seasonal Affective Disorder on the tanning attitudes and behaviors of college students. Submitted to the American Psychological Association Science Directorate. (\$5,000.00; not funded).

OTHER RESEARCH EXPERIENCE

2015-Current:

Director of Neuropsychological/Psychophysiology laboratory at Florida Gulf Coast University. Supervisor/Mentor undergraduate research projects. Currently seeking external funding for studies investigating Alzheimer's disease.

2012-Current:

Neuropsychological Rater on multiple clinical trials investigating treatments for Alzheimer's disease, Parkinson's disease, and Mild Cognitive Impairment.

2009-2010:

Health Science Specialist, North Florida – South Georgia Malcolm Randall Veterans Affairs Medical Center. Primary Investigator on a Career Development grant. Primary Investigator for 4 projects and project coordinator for 2 NIH funded projects.

2008- 2009:

Postdoctoral Fellow for the Behavioral Neurology group at the University of Florida College of Medicine's Department of Neurology. In addition to serving as Primary Investigator on 4 projects, I am also the project coordinator for 2 funded research projects and Neuropsychologist for an NIH-sponsored clinical trial.

2003-2004:

Psychometrician and researcher for A Multicenter Trial of Vitamin E in Aging Persons with Down Syndrome New York State Institute for Basic Research in Developmental Disabilities (Funded by NIA: RO1-AG16381 IND # 61,959). Under the direction of Michael Mullan, M.D., Ph.D. Roskamp Institute.

2002-2004:

Psychometrician for the Alzheimer's Disease Prevention Trial (ADAPT) study. Washington University. (Funded by NIA IA0026; U01-AG15477). Under the direction of Timothy Crowell, Psy.D., Roskamp Institute

2003

Primary Investigator for a study investigating lateralization performance on the Hopkins Verbal Learning Test and the Brief Visuospatial Memory Test. Ancillary Study of ADAPT. Washington University.

2003

Co-Investigator for a study examining the efficacy of an anxiety scale for the elderly. Under the direction of Timothy Crowell, Psy.D., Roskamp Institute.

2001

Grant Coordinator American Cancer Society research grant under the direction of Joel Hillhouse, Ph.D. East Tennessee State University.

1999

Co-investigator on a project examining aggressive content in advertising aimed at children. Under the direction of Peggy Cantrell, Ph.D., East Tennessee State University.

1999

Research Coordinator on a project to create the American Psychological Association's Directory of Graduate Programs in Clinical Child and Pediatric Psychology under the direction of Kenneth Tarnowski, Ph.D., ABPP. Florida Gulf Coast University.

1998

Research Assistant on a study examining the effects of the Internet on student research methods. Under the direction of Michael Fornacciari, Ph.D., Florida Gulf Coast University.

1997

Research assistant on a study examining a climate study of a new University. Under the direction of Stacy Andersen, Ph.D., Florida Gulf Coast University.

1997

Research assistant on a study examining gender bias in mass media. Under the direction of Maria Roca, Ph.D., Florida Gulf Coast University.

TEACHING EXPERIENCE

FLORIDA GULF COAST UNIVERSITY

2019	Neuropsychology of Aging	(Assistant Professor)
2017-2018	Human Neuropsychology	(Assistant Professor)
	Abnormal Psychology	(Assistant Professor)
2015-2016	Physiological Psychology	(Assistant Professor)
	Psychological Tests & Measurement	(Assistant Professor)
	Health Psychology	(Assistant Professor)
	Senior Seminar in Psychology	(Assistant Professor)
2014-2015	Psychological Tests and Measurement	(Adjunct Professor)
	Basic Psychopathology	(Adjunct Professor)

VIRGINIA POLYTECHNIC INSTITUTE AND STATE UNIVERSITY

2004	Developmental Psychology	(Assistant to Professor)
2005	Advanced Developmental Psychology	(full course responsibility)
2005	Developmental Psychology	(full course responsibility)
2006-2007	Personality	(full course responsibility)
2006-2007	Neuropsychology Didactic	(leader and facilitator)
2007	Neuropsychology	(Guest Lecturer)
2007	Learning	(Guest Lecturer)
2007	Nervous Systems and Behavior	(Guest Lecturer)
2006-2007	Practicum Co-Supervisor	

EAST TENNESSEE STATE UNIVERSITY:

1999-2001	Advanced General Psychology	(full course responsibility)
	Advanced General Psychology Lab	(full course responsibility)
2001	Abnormal Psychology	(Teaching Assistant)
2001	Psychopathology	(Guest Lecturer)

2000: Attendee, APA Education Directorate workshop on teaching psychology
Washington, DC

UNIVERSITY AND COMMUNITY SERVICE

2018-2019: Chaired Search Committee for Instructor line

2016-2019: Provided cognitive screenings for older adults in ALFs in the Naples area

Presented education for Physicians and allied health professionals on the
assessment of dementia and delirium at Physicians Regional Medical Center

2015-2016: Served on departmental search committee for 3 faculty lines

Provided *Pro Bono* Psychological and Neuropsychological services at Naples Community Hospital.

CLINICAL EXPERIENCE

2011-Present

Collier Neurologic Specialists, LLC: Clinical Neuropsychologist: Provide outpatient Neuropsychological assessment and feedback as well as cognitive rehabilitation to a wide range of patients.

2011-Present

Naples Community Hospital: Clinical Neuropsychologist/Psychologist: Provide on call service and inpatient consult services hospital-wide. Primary duties are capacity evaluations and brief cognitive assessments. Also provide limited psychological consults and on call services primarily evaluating involuntary commitments and support for Psychiatry.

2010-2011

Lee Memorial Health System: Clinical Neuropsychologist: Neuropsychological assessment and feedback for older adult clients.

2009-2010

University of Florida Neuropsychology Clinic: Postdoctoral supervisee. Primary clinical responsibilities included pre-surgical neuropsychological assessment of epilepsy patients who were candidates for temporal lobectomy surgery, elderly patients with a variety of neurodegenerative processes, and movement disorders. I was also responsible for formulation, summary report writing. Clinical supervision was provided by Russell M. Bauer, Ph.D. ABBP-CN.

2008-2009

Shands Hospital at the University of Florida - Malcolm Randall Veterans Administration Hospital: Post Doctoral Fellow in Behavioral Neuropsychology. Primary clinical responsibilities included conducting neuropsychological assessment, and diagnosis of clients presenting with a wide range of neurological difficulties (e.g., traumatic brain injury, developmental impairments, stroke, and dementia), providing feedback and treatment to this same population. Also responsible for formulation and presentation at case conference and interdisciplinary team meetings, summary report and chart notes writing. I also conducted supervision of clinical interns and advance doctoral externs. Clinical supervision was provided by Kenneth M. Heilman, M.D. and John Williamson, Ph.D.

2007-2008

Veterans Administration, Maryland Health Care System, Baltimore, Maryland: Intern in the neuropsychology specialty track. Primary responsibilities included conducting

neuropsychological assessment, and diagnosis of clients presenting with a wide range of neurological difficulties (e.g., traumatic brain injury, developmental impairments, stroke, dementia), providing feedback and treatment to this same population. Also responsible for formulation and presentation at case conference and interdisciplinary team meetings, summary report and chart notes writing, and supervision of advanced doctoral externs. These duties were performed under the supervision of Scott N. Jones, Ph.D., William A. Canter, Ph.D., David J. Pollin, Ph.D., and John J. Junginger, Ph.D.

2006-2007

Neuropsychological Associates of Southwest Virginia. Provided neuropsychological assessment and consultation to Lewis-Gale Medical Center on both inpatient and outpatient basis. Consults ranged from coma and competency assessments to standard comprehensive neuropsychological and psychological assessments. Responsibilities also included, providing feedback and recommendations to appropriate services including, physical and occupational therapy, neurology, neurosurgery and outpatient clinics. Activities were conducted under the supervision of David W. Harrison, Ph.D.

2005-2007:

Psychological Services Center, Virginia Polytechnic & State University, Blacksburg Virginia. Clinical Neuropsychology practicum under the supervision of David W. Harrison, Ph.D. Primary responsibilities included supervision of junior students on team in provision of clinical services as well as conducting neuropsychological assessment, diagnosis, and treatment of clients with a wide range of neurological difficulties. Additionally, I maintained psychotherapy clients as described below.

2004-2005:

Psychological Services Center, Virginia Polytechnic & State University, Blacksburg Virginia. Clinical Psychology practicum under the supervision of George Clum, Ph.D. Primary responsibilities included: intake, assessment, case conceptualization, treatment planning and provision, and case administration. Primarily working with young adult clients with a wide range of psychological difficulties (e.g. depression, anxiety, adjustment difficulties, attention deficits, etc).

2001-2004:

Roskamp Institute Memory Clinic, Tampa, Florida. Full-time clinical/research position under the supervision of Timothy Crowell, Psy.D. and Michael Mullan, M.D., Ph.D. Primary Responsibilities include: Neuropsychological assessment of elderly persons, dementia screenings, writing neuropsychological reports, presenting cases at staffing meetings. Involvement in the multiple research projects as the psychometrician and as the primary investigator on numerous ancillary studies.

2000-2001:

Southwestern Virginia Mental Health Institute, Marion Virginia. 300 hour practicum under the direction of James Moon, Ph.D. Primary Duties: Assist Psychologist in case management, participated in formulating and presenting cases at case conferences, forensic hearings and interdisciplinary team meetings. Wrote summary reports and chart

notes, conducted limited interpersonal therapy and skills training and assisted in leading groups.

OTHER PROFESSIONAL EXPERIENCES

2016-2019

Board of Editors

Child Psychiatry & Human Development

Ad hoc reviewer

Brain Structure and Function

Neurocase

2010:

Ad hoc reviewer:

Laterality

Neurocase

Brain Structure and Function

2009:

Consultant on the development of Lee Memorial Hospital's "Healthy Brain" program.

Ad hoc reviewer:

Archives of Clinical Neuropsychology

Journal of Psychosomatic Medicine

Neurocase

Brain Structure & Function

2008:

Ad hoc reviewer:

Neurocase

Traumatology

2007:

Ad hoc reviewer:

Brain, Structure and Function.

Clinical & Experimental Neuropsychology

Neurocase.

2007

Attendee, National Institute of Health-sponsored grant writing seminar for early career researchers. University of Maryland, Baltimore Medical School.

2004:

Invited Panelist: Committee on Technology in Alzheimer's research, diagnosis and treatment. National Alzheimer's Association Annual Convention, Philadelphia, PA.

2003:

HIPPA Implementation and compliance officer: Roskamp Institute Memory Clinic
Technology Advisor: Roskamp Institute Memory Clinic

2000 - 2001

Reviewer; Psi Chi Journal of Undergraduate Research.
