

## **ASHRAF BADIR, PhD, PE**

Associate Professor, Department of Environmental and Civil Engineering,  
U.A. Whitaker College of Engineering, Florida Gulf Coast University, Fort Myers, FL 33965  
Phone (239) 590-1318, Fax (239) 590-7304, e-mail: abadir@fgcu.edu

### **TEACHING EXPERIENCE**

Twenty eight years of teaching engineering courses including: introduction to engineering, problem solving & design for engineers, computational tools for engineers, engineering statics and dynamics, introduction to materials, mechanics of materials, structural analysis, steel design, reinforced concrete design, advanced reinforced concrete design, transportation engineering, and civil engineering senior design.

#### **Doctor of Philosophy**

March 1992

#### **Master of Science**

June 1989

#### **Master of Science in Civil Engineering**

August 1985

#### **Bachelor of Science in Civil Engineering**

June 1982 (with Honor)

### **EDUCATION**

**Georgia Institute of Technology**, Atlanta, Georgia

School of Aerospace Engineering

Thesis: Analysis of Advanced Thin-Walled Composite Structures.

**Georgia Institute of Technology**, Atlanta, Georgia

School of Aerospace Engineering

**Alexandria University**, Alexandria, Egypt

Department of Civil Engineering

Thesis: Elastic Stability of Structures.

**Alexandria University**, Alexandria, Egypt

Department of Civil Engineering

Senior Project: Design of Reinforced Concrete Structures

### **WORK HISTORY**

August 2008 – Present

Associate Professor, Department of Environmental and Civil Engineering, Florida Gulf Coast University

August 1998 – May 2008

Associate Professor, Department of Engineering, Clark Atlanta University

October 1993 - August 98

Assistant Professor, Department of Engineering, Clark Atlanta University

April 1992 - August 1993

Post Doctoral Fellow, School of Aerospace Engineering, Georgia Institute of Technology

January 1988 - March 1992

Graduate Research Assistant, School of Aerospace Engineering, Georgia Institute of Technology

Sep. 1986 - Dec. 1987

Graduate Research Assistant / Teaching Assistant, Department of Civil Engineering, University of Windsor, Windsor, Ontario, Canada.

Worked on Soil-Steel Structure Interaction in a project studying the response of soil-metal arch bridge superstructures supported by reinforced earth abutments.

Completed Ph. D. course requirements in Civil Engineering.

Taught courses in Structural Analysis, Steel Design, Soil Mechanics and Engineering Mechanics.

## WORK HISTORY (CONT'D)

- Sep. 1985 - Aug. 1986 Assistant Lecturer, Department of Civil Engineering, Faculty of Engineering, Alexandria University.  
Taught courses in Theory of Structures and Strength of Materials.
- May. 1983 - June 1986 Design Engineer, Civil Engineering Consulting Office, Alexandria, Egypt.  
Responsible of designing reinforced concrete/steel buildings and foundations.
- Sep. 1982 - Aug. 1985 Graduate Research Assistant / Teaching Assistant, Department of Civil Engineering, Faculty of Engineering, Alexandria University.  
Taught courses in Theory of Structures.

## ACADEMIC AND PROFESSIONAL SERVICES

- Chair**, Faculty Search Committee, Department of Environmental and Civil Engineering, Florida Gulf Coast University
- Chair**, Peer Review Committee, U.A. Whitaker College of Engineering, Florida Gulf Coast University
- Member**, Faculty Affairs Committee, Florida Gulf Coast University, 2009 - 2010
- Member**, Faculty Search Committee, Department of Environmental and Civil Engineering, Florida Gulf Coast University
- Member**, Peer Review Committee, U.A. Whitaker College of Engineering, Florida Gulf Coast University
- Member**, Safety & Facilities Committee, Florida Gulf Coast University, 2009 - 2010
- Member**, LCOB Instructional Resources & Responsibility, 2008 – 2010.
- Member**, LCOB Faculty Advisory Committee, 2010 – 2011.
- Instructor**, Fundamental of Engineering Review Course, Florida Gulf Coast University
- Chair**, Accreditation Board for Engineering and Technology (**ABET**) Committee, Department of Engineering, Clark Atlanta University
- Chair**, Promotional and Tenure Committee, Department of Engineering, Clark Atlanta University
- Reviewer**, American Society for Engineering Education (ASEE) Annual Conference & Exposition
- Reviewer**, Civil Engineering & Architecture Journal
- Reviewer**, USARO Proposals
- Reviewer**, International Journal of Solids and Structures
- Reviewer**, ASTM STP on Composite Materials: Fracture and Fatigue
- Reviewer**, ASTM Journal of Composite Technology and Research

## NON-ACADEMIC PROFESSIONAL EXPERIENCE

- **Structural Design Engineer** designing reinforced concrete/steel industrial buildings and foundations, Civil Engineering Consulting Office for over three years.

## RESEARCH EXPERIENCE

- **Engineering Education**
- **Stability of structures** as applied to frames and plates
- **Structural analysis of anisotropic thin-walled sections** subjected to static loading and hygrothermal effects
- **Elastically tailored structures** as applied to laminated plates and thin-walled sections
- **Analytical modeling of delamination** in laminated composites using sublaminar approach and fracture mechanics
- **Study of hygrothermal effects** in composites through analysis of residual stresses and application to fracture problems
- **Fatigue testing** of laminated composite under room and elevated temperature

## TEACHING AWARDS

**Professor of the Year Award**, Department of Engineering, Clark Atlanta University, 2006

**Most Dedicated Civil Engineering Professor**, Department of Engineering, Clark Atlanta University, 2002, 2003 and 2004.

**Instructional Excellence Award in Civil Engineering**, Department of Engineering, Clark Atlanta University, 1999, 2002 and 2004

**Best Mentor Award**, NSF-HBC&UP for Enhancing STEM Education at CAU, 2002

## RESEARCH/PRESENTATION AWARDS

**AIAA Jefferson Goblet Paper Award**, 33rd AIAA/ASME/ASCE/AHS/ASC Structures, Structural Dynamics and Materials Conference, Dallas, Texas, April 1992.

**AIAA Best Presentation Award**, Aerospace Technology Symposium, Atlanta, Georgia, February 1992.

**ASTM Best Paper Award**, Third Symposium on Composite Materials: Fatigue and Fracture, November 1989.
