

NOTICE

Florida Gulf Coast University has transitioned to online instruction until the end of the 2020 Spring Semester, and the students are being encouraged to go back home until then.

For this reason, Academic Engagement has directive the office of Testing and Assessment to focus uniquely on our students during the next weeks, to allow them to take admission, prerequisite program-required and graduation-requirement exams.

The office is closed to testing that involves external candidates in order to mitigate community propagation of the COVID-19 virus. We apologize for the inconvenience this will cause you.

We should resume operations on April 13th, unless FGCU or other state or federal authority requires us to continue closure.

PSI ONLINE

We have notified PSI of our temporary site closure. Due to the great volume of closure, canceling and rescheduling requests, they might be behind notifying their candidates of our temporary site closure. Effective March 11th, 2020 PSI will waive rescheduling fees to accommodate candidates who need to reschedule their tests to prevent potential undue exposure to the virus among other candidates and staff members.
